EQUIPMENT & CONTRACTING MEDIA

THE CONTRACTOR’S MOST RELIABLE SOURCE FOR HEAVY EQUIPMENT INFORMATION AND CONSTRUCTION METHODS.

DO YOU PROVIDE EQUIPMENT, MATERIALS, OR PRODUCTS TO THE FOLLOWING INDUSTRIES?

- CRANES & LIFTING
- CONCRETE & PAVING
- EARTHMOVING & EXCAVATION
- TRUCKS & HAULING
- MINING & TUNNELING
WHO ARE WE?
Since 1984, we’ve helmed the leading deep foundations and marine construction magazine, *Pile Buck*. Since the beginning of 2019, we’ve generated the same success with *E&C* in various other industries that interest us well – concrete, cranes, earthmoving, etc.

WHY ADVERTISE WITH E&C?
Among other reasons, we can’t emphasize content enough.

We encourage you to compare our content with content from other publications and media companies. Each issue of *E&C* is composed of evergreen content, written exclusively for *E&C*. Our readers expect original how-to articles, safety guides, and equipment tips—not a magazine filled entirely with industry news and advertorials.

Overall, we believe that no competing publication can match the level of effort we put in for each client. From tailoring magazine articles to a client’s specific focus to cooperating with new trade shows to expand a client’s reach, we have 36 years of experience bridging the gap between each client and the right buyer.

WHAT ELSE ABOUT THE DISTRIBUTION?
Published every two months and distributed internationally to contractors, engineers, government agencies, etc., *E&C* is sent free-of-charge to our email list of 70,000+ hand-picked industry professionals. Note: None of our lists were purchased – All lists have been built from scratch.

WHAT ABOUT THE FORMAT?
Whether it is an in-depth guide to selecting the right concrete pump or a photo edition cover story – showcasing our favorite client photos – each article is developed in its own unique way to both educate and entertain the reader.

Issues may focus on any of the following – construction methods, safety tips, instructional videos, how-to guides, legal advice, photos, and more.

Each issue contains at least one article pertaining to each – cranes & lifting, earthmoving & excavation, concrete, highway & paving, trucks & hauling, and mining.

Furthermore, your ad will always be placed with the appropriate content. For example, a client advertising crane attachments could expect their ad to be placed with “How to Use Slings For Hoisting & Rigging.”

DO YOU OFFER ANY DEALS?
Yes, please email alex@equipmentandcontracting.com to learn more. We offer packages that include print ads, email ads, social media promotion, content marketing, and even photo/video services.
We love what we do. We’re great at what we do. We produce results — long-lasting results. Specializing in heavy equipment and other related products, we’re capable of handling just about any marketing service you need — from social media to blogging. We’ve worked with several clients for 35+ years and pride ourselves on maintaining sincere relationships that last years — not months. With so much competition, marketing is challenging — we understand — Which is why it’s so important to devise a strategy that is both affordable and efficient. We’re ready when you are — Just give us a call or email.

EMAIL ADVERTISING

WHY CHOOSE E&C OVER OTHER MEDIA COMPANIES AND PUBLICATIONS?

EVERGREEN CONTENT

Evergreen content is quality material that is relevant now and will continue to be relevant for years to come. E&C focuses on construction guides, tips, and procedures, not industry news and event photos. Contractors understand that E&C is a valuable resource that has earned its place around the office.

MASSIVE AMOUNTS OF CONTENT

We are a content machine, publishing original, exclusive blog and video content on a weekly basis. This content is not only quality and appealing, but it contains the exact same keywords you and your marketing team are targeting. Don’t hesitate to discuss this with us in further detail.

REACH MULTIPLE INDUSTRIES

E&C is sent to the top decision makers at the busiest contracting companies. These contractors aren’t in need of just a single piece of equipment so why limit yourself to a single audience? These contractors need cranes, excavators, dozers, pumps, etc. so choose the magazine that covers them all.

What Our Current Clients Have to Say About Equipment & Contracting...

“Equipment & Contracting made a grand entrance at a time when many established heavy construction magazines were struggling to stay relevant in the face of drastically changing media consumption habits. It’s positioned to thrive for many years to come because of its unique content, strong balance between print and digital, and eye-popping layout.”
– Fraley Construction Marketing

“Equipment & Contracting is an excellent source for concrete, earth-moving, excavation, and more, which is why we advertise our concrete sawing and demolition equipment. We can’t say enough good things about the magazine and, especially, the digital marketing strategy that Alex and the team employ.”
– Aggregate Technologies

“With an excellent understanding of attachments and their role with equipment, Equipment & Contracting is providing invaluable print and digital content to contractors, which is crucial in a time when the industry is oversaturated with information.”
– Ransome Attachments

“We have provided services in the heavy lifting and transportation industry for over 70 years and consider Equipment & Contracting one of the premiere information sources for cranes, transportation, and other heavy equipment.”
– Lampsone Crane

“Equipment & Contracting Magazine has quickly become one of our go-to destinations for cutting-edge industry news, equipment information, general construction tips, and more. Working with them to advertise our services was a no-brainer, given their professional appearance and high-quality content creation.”
– Skid Steer Solutions

“As a consulting company in the deep foundations industry, with over 25 years of experience, we not only advertise in both Pile Buck and Equipment & Contracting, but we are regular readers of both publications as well. Keep up the great work!”
